

# How do we ensure equity and inclusion for all?

Along with our partner authors and educators from across the country, Amplify invites you to join us for a discussion on the importance of equitable access to high-quality STEM instruction and materials.

Register at [amplify.com/stemforum](https://amplify.com/stemforum) to join our live sessions and have the opportunity to request a certificate of attendance.

Webinar recordings will be available on demand after completion of the Forum.
